	<i>Excellent, very well done, met or exceeded expectations!</i>	<i>Very Good, met expectations</i>	<i>Good, but could benefit from focused revisions</i>	<i>Poor/ not acceptable, incomplete</i>
<i>Design of the necklace</i>	<i>Layout and design of the necklace is innovative; student excels in cleanly transforming unusual found objects into a new jewelry form.</i>	<i>The necklace is interesting and attractive, the transformation from one object to another along the string are clean and seamless</i>	<i>The necklace uses found objects; however, they do not transition well or have harmony with each other.</i>	<i>The necklace is haphazard in design. The objects do not compliment each other in a meaningful way. The necklace appears to have very little intension.</i>
<i>Construction of the necklace</i>	<i>All of the pieces are secure, the pieces are put together in a new and innovative way. It will last for many years.</i>	<i>The necklace is constructed securely using the methods demonstrated.</i>	<i>The necklace is secure; however, it could use improvements in its construction.</i>	<i>This necklace will not last due to its poor construction.</i>
<i>Use of reusable materials</i>	<i>Student used found objects in interesting and new ways, the reused objects are converted into new forms</i>	<i>The student used the materials given; however, did not push their personal creative limit</i>	<i>The student did not utilize the materials in new way or creatively.</i>	<i>The student clearly missed the point of this lesson. Did not use the materials in a new way.</i>
<i>Comfort</i>	<i>Necklace feels great when wearing, no scratching, The design and utility go hand in hand. There are no large pieces along the skin on the back of the neck. There are no loose ends.</i>	<i>The necklace feels good while wearing. It is comfortable.</i>	<i>The necklace has parts that stick into the neck, is exceedingly heavy, due to construction, parts are scratch the skin.</i>	<i>The necklace is completely uncomfortable, not practical in wearing. Clearly the designer did not fuse design and utility.</i>
