STAFF OF THE CENTER FOR LATIN
AMERICAN STUDIES ............................... 47
VITAE INDEX ........................................ 49
INTRODUCTION

**Faculty:** Center for Latin American Studies’ faculty is classified as either Core or Related based on the following criteria:

**Core Faculty** are individuals who have faculty appointments in the departments or schools of the University that are affiliated with the Center for Latin American Studies. Core faculty must be proficient in a language appropriate to their geographical area of expertise in Latin America (which includes the Caribbean). Core faculty must also: (1) regularly teach (within three academic years) a course with 25 percent Latin American content; or (2) annually commit a minimum of 25 percent research time or administrative activities to some aspect of Latin American affairs.

**Related Faculty** are individuals with faculty appointments in departments or schools of the University who have resided or worked in Latin America as visiting professors, researchers, or consultants. Related faculty also must show a continuing 25 percent commitment to Latin America through teaching, research, or field activities.

*The Core or Related designation follows the name of the faculty member in the brief vitae section.*

**Language Competence:** In this directory, language competence is shown in terms of the following scale:

1 = No practical usable proficiency.
2 = Ability to read simple prose with difficulty, follow simple conversation, use the language to get around, but not as a means of exchanging ideas.
3 = Ability to read non-technical materials and technical writing in one’s field, to understand ordinary native speech, to carry on an exchange of ideas, though haltingly.
4 = Fluency, accuracy, and range adequate for all normal professional and social situations.
5 = Fluency, accuracy, and range of an educated native user of the language.

**Percentage of Time:** This designation, which appears in the brief curricula vitae of Core Faculty, indicates the percentage of total work time that each faculty member devotes to teaching, student supervision, research and/or administration related to Latin American Studies.
