Lesson Summary
Students will research current issues affecting both a current E.U. member (U.K. Included) and a candidate country. For the candidate country, students will be required to examine where the country is in the E.U. process, challenges the country faces with their current status, and the likelihood of becoming a member nation in the next two years. Students may choose to work individually or in a small group. Students will then present their findings to the class with either a poster or PowerPoint presentation as a visual. Each presentation must include a bibliography, with a minimum of three sources. As students’ present material, each student will have a map of Europe/Asia to complete and annotate E.U. information.

Materials

* Student ipad/computer lab/internet resources
* Historical books/periodicals from media center
* Butcher paper (for posters)
* Assessment rubric
* Map of Europe/Asia (from textbook supplemental materials)

Lesson Procedures

**Front-loading students:**
Students will view short videos: “Understanding the E.U” and "UK Is Leaving EU: What Happens Now?” as warm-ups to the project-based lesson.  
https://www.youtube.com/watch?v=O37yJBFRrfq

Students will read pp. 626-628 in their textbook “Winds of Change in Western Europe” and analyze the map “Expansion of the European Union” p. 627, answering the geography skills questions.

Using ipads or computers, students will then read and analyze the following BBC website to note current E.U. members and candidate countries:  

Students will determine which countries they will research and present and if they will work in a small group or individually. Students will have two class periods to research and one class period to create their visual for the presentation.

**Information/Questions to be included in E.U. presentation:**

**Member country:**
When did this country join the E.U.?
What are current major issues affecting this country?

**Candidate country:**
What are issues your candidate country is experiencing? Is it likely the country will be admitted to the E.U. in the next two years? Explain why or why not.

**Assessment**
Students will be assessed based on their accuracy of information collected and their presentation of member/candidate countries, based on the attached rubric.
