

## FALL 2019 Course List

Here is a list of courses that count towards the African Studies Certificate this spring. These are courses we have identified with at least 25% of African content. If, however you know of other classes please let us know!

Graduate students remember that if you focus all of your course papers on an African topic you can still count that class towards the certificate even if the class does not have 25% African content.

\* must do an additional project to count towards the certificate
