

PANORAMAS

A WIDER PERSPECTIVE

PANORAMAS ROUNDTABLE PREVENTION OF BIOPIRACY AND REGULATION OF BIOPROSPECTING IN LATIN AMERICA AND THE CARIBBEAN

A ROUNDTABLE DISCUSSION WITH
CASTILLEJA FALLON OLMSTED

Castilleja is a PhD candidate in Biological Sciences. She is an ecologist whose research focuses on forest dynamics and biodiversity. Her work has been funded by Mellon, Gutierrez, and Aguirre fellowships at Pitt and by the Foreign Language and Area Studies (FLAS) fellowship for her tropical field work.
