

# INFORMATION SESSION:

## wrongful conviction

**Date: Thursday, November 11, 2021, at 12:00 pm via Zoom**

This four-week, accelerated summer program provides students with the opportunity to study human rights and focus on the specific area of wrongful conviction. This program is composed of two courses and includes opportunities to observe trials and visit London-based organizations working in human rights and on behalf of the wrongfully accused.

You will be taught by a law professor who has spent their career litigating wrongful conviction cases and directing the California Innocence Project. The program is designed to provide you with an overview of the issues and case law related to wrongful convictions through the use of interactive exercises, lectures, readings, videos, and case studies.
