

# Shepherd University Online Foundational NCTA Summer Seminar Sports and Leisure in East Asia

**June 17-21 & June 24-28 9:00 a.m. - 12:00 p.m. EDT**

**Open to K-12 educators in Alabama, Delaware, Illinois, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Ohio, Pennsylvania, and West Virginia**

## What do People in East Asia do for Fun?

If you've ever wondered about this, join us for a survey of the history and cultures of East Asia while exploring the leisure activities of each country. These include tai chi, mahjong, baseball, gardening, K-pop, watching Godzilla, reading Astro Boy, and so on. We'll push back against the idea that East Asian life is all work and no play! We'll also cover the sorts of topics a foundational seminar usually addresses, such as Confucian philosophy, Vietnamese history, Buddhism, and the role of Taiwan in East Asia.

### Benefits for Participating

- **\$230 worth of teaching materials** for your classroom, including the course textbook, additional educational materials, and a **\$100 mini-grant** for purchase of approved **materials for your classroom**.
- **\$300 stipend** at the completion of all requirements including attendance at the follow up class.
- **Teacher Professional Development Credit:** 3.0 hours credit option available (extra fee/application) through Shepherd University.
- **Certificate of Completion** (36 hours) of professional development after completing all requirements of the seminar.
